

DENTAL HYGIENE (DHYG)

Real-life, hands-on training preps you for roles on oral health care teams

Train to be a key member of oral healthcare teams by learning core dental hygiene services like scaling, stain removal, whitening, X-rays, fluoride treatments, pit and fissure sealants, athletic mouth guards, referrals, and oral health assessments and education. You'll have ample opportunity to put your skills into practice, first with manikins and then followed by practice sessions with your classmates, where you will also assume the role of a client.

As you polish your skills, you will advance to providing clientele from the Sudbury community with dental hygiene services in Cambrian's on-campus dental clinic. As a graduate, you are eligible to apply to write the National Dental Hygiene Certification Examination (NDHCE).

Program highlights

- Limited enrolment
- Hands-on, real-world experiences in on-campus dental clinic with clients from the community
- Community fieldwork and placements with many different populations of clientele
- Accredited by the Commission on Dental Accreditation of Canada (CDAC)

Grads are eligible to apply to write the National Dental Hygiene Certification Examination (NDHCE) conducted by the National Dental Hygiene Certification Board (NDHCB) to gain registration with the College of Dental Hygienists of Ontario (CDHO)

Program of study for 2024-25 Academic Year

| Semester 1 | | Credits |
|--|---|-----------|
| BIO 1107 | Anatomy & Physiology I | 3 |
| ENG 1121 | Research & Writing/Health Sciences | 3 |
| DEN 1060 | Oral Histology | 3 |
| DEN 1103 | Orofacial Anatomy | 3 |
| DEN 1106 | Dental Hygiene Practice I | 6 |
| DEN 1107 | Dental Hygiene Theory I | 3 |
| DEN 1405 | Microbiology and Immunology | 3 |
| Credits | | 24 |
| Semester 2 | | Credits |
| BIO 1207 | Anatomy & Physiology II | 3 |
| DEN 1061 | Dental Hygiene Theory II | 3 |
| DEN 1062 | Professional Communication and Technology | 2 |
| DEN 1112 | Dental Radiography | 4 |

Winter term start

SEMESTER 1: Winter 2025
SEMESTER 2: Spring 2025
SEMESTER 3: Fall 2025
SEMESTER 4: Winter 2026
SEMESTER 5: Spring 2026
SEMESTER 6: Fall 2026

Accreditation

Cambrian's Dental Hygiene program is accredited by the Commission on Dental Accreditation of Canada (CDAC).

Registration to practice / additional testing

As of January 1, 2022, the Federation of Dental Hygiene Regulators of Canada (FDHRC) and the National Dental Hygiene Certification Board (NDHCB) have joined together creating the organization FDHRC.

To practice as a Dental Hygienist, you must pass a National Written Examination and, when successfully completed, graduates can register with the College of Dental Hygienists of Ontario (CDHO), which is a requirement to practice in Ontario. Graduates who pass the written exam are also eligible to register to practice dental hygiene in other provinces (please note that each province holds separate licensing exams and requirements to practice). It is the responsibility of the graduate to pursue certification and registration and to cover any associated costs.

Specific program pathways

College or university degree opportunities

If you are a graduate of this program, you may continue your studies at a college or university and you may receive credit(s) for your prior college education. Refer to Cambrian's college and university agreement (<https://cambriancollege.ca/supports-services/articulation-agreements/>) details for further information.

Employment opportunities

Graduates are prepared for employment opportunities in:

- General and specialized dental practices
- Independent dental hygiene practices
- Public health dental hygiene practices (including home care, long-term care, or community clinics)
- Military
- Education
- Research
- Industry (sales/marketing of dental products/equipment)
- Insurance Companies
- Product development and distribution
