

FINANCIAL ACUMEN (FNAC)

Certificate of Completion | Barrydowne

The theory around financial acumen centers around the abilities of managers to understand and manage a number of financial indicators pointing towards success or failure of the organizations.

This program aims at helping the junior/middle level managers with little or no financial training or experience in learning the fundamental economic principles besides learning the language, tools, and techniques of accounting and finance. The students completing this program can return to the workplace with confidence that they can read, understand and analyze the financial position of their respective organizations, be it companies, not-for-profit organizations and government services.

Admissions

OSSD or Mature Student Status

If you are interested in completing the entire certificate program, please click here (<https://cambriancollege.ca/certificate-programs-sign-up/>) to sign up prior to registering for your courses. See Program of Study or Course Delivery tabs to register for individual courses.

Graduation Timelines

Students can complete the Certificate of Completion in as little as one semester. They are usually expected to complete their certificate within 60 months.
