

# LEARNING DISABILITIES - APPLICATIONS (LDAP)

## Certificate of Achievement | Online

This program allows participants to earn a certificate of achievement in the field of learning disabilities with a focus on the development of competencies in the areas of learning strategies and assistive technology. This program emphasizes a comprehensive approach to investigating student strengths and needs; and, by accessing a wide variety of learner-centred techniques, guides participants to explore opportunities to develop and support independent and self-confident learners of all ages. Relevant research and assessment tools will be examined to allow participants valuable practice in recommending strategies and assistive technology that best fit the needs and interests of students with learning disabilities. This program allows students to participate in rich discussions with professionals in the field, and network with an online community.
